Invitation and Access

Request individual access via HBS Microsoft CSP Self-Service Portal

- Repeat the request to grant access to more individuals within your organization
- Within 2-3 business days, you will receive a plain text email invitation unique to you
- Redeem the invitation using your Azure Active Directory / Entra ID Credentials

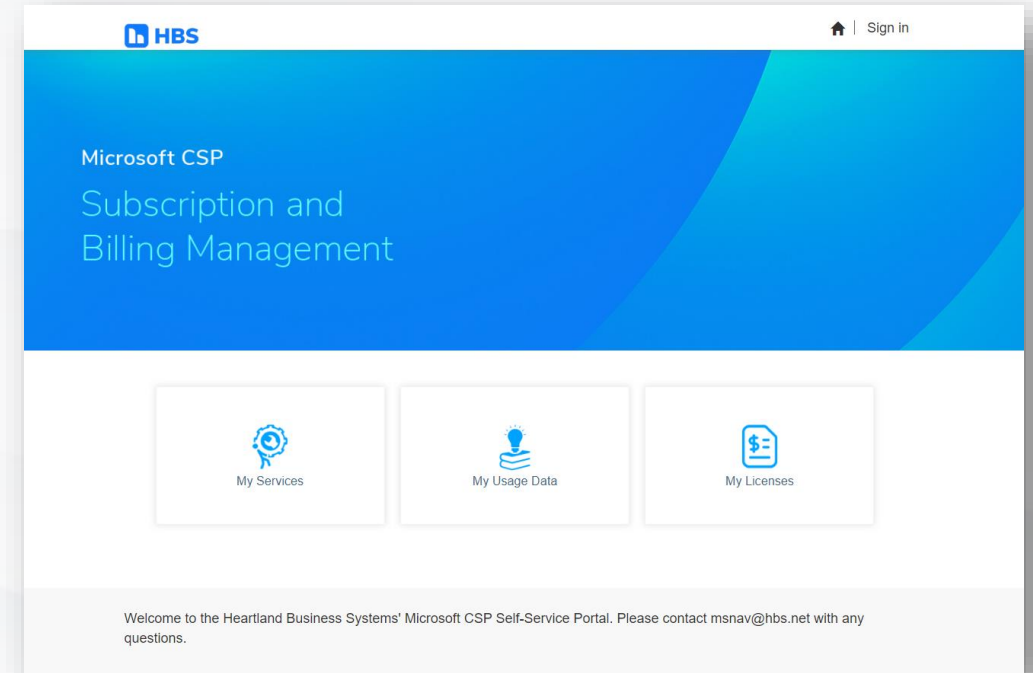

Contact your HBS Solutions Consultant for assistance.

Portal Landing Page

HBS Microsoft CSP Landing Page

Request access by following steps on the previous slide.

My Services: Viewing Subscriptions

The “My Services” section allows you to view all subscriptions managed by HBS.

Subscriptions are group based on the following criteria:

- Monthly billed, seat-based subscriptions and / or reserved instances
- Monthly billed pay-as-you go Azure consumption
- Annually billed seat-based subscriptions

One-time billed subscriptions may be found in any grouping.

My Services: Editing Subscriptions

Steps to Modify Subscriptions:

1. Select Subscription: Choose from the previous view.
2. Enter Quantity: Type the desired quantity.
 - Reductions are only allowed within the first 7 days of the subscription term.
3. Effective Date Options:
 - Immediately
 - Upon Commitment End Date
 - Custom Effective Date
4. Submit Changes: Click Submit to apply changes immediately.

Note: Order Reference and Description fields will not appear on the invoice.

Subscription Edit

Quantity reduction is not allowed for this subscription outside the cancellation window.

My Usage: Azure Consumption

Azure Subscription Report Instructions:

1. Select Subscription: Use the “Select subscription” dropdown at the top.
2. Populate Data: Wait for the report to load consumption data.
 - Default View: Displays the last 6-months of invoice / consumption data.
 - Max View: Displays up to 12-months of data
 - Reserved Instances are not included. Check the “My Services” view for details.

Questions about your Azure consumption? Contact your HBS Solutions Consultant to connect with an HBS Azure Cloud Architect.

Troubleshooting: “This page isn’t responding”

The customer Self-Service page may become unresponsive due to outdated browser versions, excessive cache and cookies, or conflicting browser extensions.

Ways to resolve the issue:

Clear Cache and Cookies:

1. Open browser settings
2. Navigate to privacy / history
3. Clear cache and cookies
4. Restart the browser and try again

Check Network Connection:

1. Ensure a stable and fast internet connection
2. Restart your router or modem if needed

Update Your Browser:

1. Ensure you have the latest browser version
2. Update if necessary
3. Restart the browser and try again

Try an Alternate Browser:

1. Use a different browser to access the page
2. Determine if the issue is browser-specific

Disable Browser Extensions:

1. Open browser settings
2. Got to extensions / add-ons
3. Disable all extensions
4. Restart the browser and try again
5. Re-enable extensions one by one to identify conflicts
